Inaugurated in our store to bring down fancy prices. No catch-pranny schemes to draw custom; no special drives; no slaughter, no selling at cost; no special article marked down as a blind. Every article in our establishment tells the story, and the price makes the sale. No valuable time wasted in useless dickerings as to the price. Everything marked in plain figures. One price to all. We follow the law governing all successful businesses, and intend establishing a reputation for honorable dealing second to none in the city. We shall be content with small profits and quick sales, which enables us to turn our money round many times during the year, and in the multiplicity of transactions expect to find the pathway to success. These are our sentiments, and it is well the public who intend to patronize us should know the principles under which we intend to conduct our business. If you find, after purchasing at our establishment that the same goods can be bought for less money elsewhere, we will cheerfully refund the money.
